

# CUBE GALLERY

Sept. 2 ~ 27  
"Pix & Paint"

A group show of artists who mix photography and paint.  
Six different approaches to this emerging genre, based on the blending of the old and the new.

## Photo-Based Paintings

This show is about a merging of aspects of modernity (photography) and tradition (painting). One of the cutting edge genres in contemporary art today is a combination of photography and painting. The artists' use of both media asks the viewer to consider what is original and what is representational, what is real and what is not, what is tradition and what is modern.
